**January is
"Nutrition" Month!**

If you are sending in medications for your child, please remember it must be sent in the original container to be kept at school. We prefer that all medications be brought to school by the parent/guardian. If that is not possible, please secure the medication in an envelope that is taped shut. It would also be helpful to give us a call on our new toll-free number to inform us that medication is being sent in with your child, and then we will be on the "look-out" for it.

The Health Center's new direct toll-free phone number is 1-800-715-5602. Please post this by your phone for your convenience.

A REMINDER FROM THE HEALTH CENTER

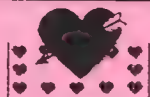

If you are sending in medications for your child, please remember it must be sent in the original container to be kept at school. We prefer that all medications be brought to school by the parent/guardian. If that is not possible, please secure the medication in an envelope that is taped shut. It would also be helpful to give us a call on our new toll-free number to inform us that medication is being sent in with your child, and then we will be on the "look-out" for it.

The Health Center's new direct toll-free phone number is **1-800-715-5602**. Please post this by your phone for your convenience.

REMINDER TO PARENT'S OF DAY STUDENTS:

We would like to remind parents to pick up their child on time after activities and events. We have had a few problems with students having no supervision while waiting for their parents to pick them up.

Also, when you pick up your child, please be sure that either you or your child informs the staff of your departure. That way, we will know when your child is "still here or already gone home". Your assistance will always be appreciated!
